

## Powder Mountain Ski Area Boundary Policies

Powder Mountain is unique in many ways including the fact that it the resort sits entirely on private property and does not include Forest Service land as most Utah resorts do. Powder Mountain is unique also in that it is one of the largest skiable terrain resorts in North America encompassing over 5,000 acres of in-bounds terrain and 2,500 acres of side country, private cat ski and tour skiing areas.

Ski area boundaries are clearly marked on trail maps and signs. High traffic areas are additionally marked with bamboo, rope lines, and orange area boundary discs.

Powder Mountain maintains a closed out-of-bounds skiing and riding policy. Guests who ski/ride out-of-bounds on Powder Mountain property are trespassing; putting their own and other's lives at risk; may be subject to Theft of Services charges; and will be prosecuted.

Specifically the areas north of Y Chute known as Scrapeys, west into Wolf Canyon drainage, and northwest onto the Brown's and Jensen property are all out of bounds. Skiers and boarders that enter these areas are trespassing and will be subject to prosecution.
